

Sticker Atlas

8+ years

Sticker Atlas. Animals

Content:

Large-format country maps with lots of exciting, fun facts about different animal habitats show where flamingos, polar bears and giant manta rays live. Special pages focus on particular habitats as well as animal migration.

Sticker Atlas. Flags

Content:

Explaining the origin and importance of national flags, different flag types and their designs, this sticker atlas is a great work of reference for flags and banners. A coloured marked area on a small world map appears on every double page, showing the children where they are in the world each time.
