Space School

Little Major Tom. Space School, Vol. 1:
Adventure Space Travel

Content:

School might be boring sometimes... but not on Space Camp 1! Here Little Major Tom and his astronaut friend Stella learn about space research, robotics and the wonders of nature.

When things get too complicated, Plutichen their clever robot cat, helps with vivid explanations.

The new non-fiction book series offers science knowledge presented with great photos, funny illustrations and many ideas for experiments.

Title Information

Category:	Non-Fiction
Age range:	8+ years
Series:	3 volumes
Artwork:	Full-colour illustrations
Format:	HC, 72 pp, 20.3 x 25.5 cm

Key Selling Points

- Expert knowledge about space research, robotics and the wonders of nature
- With the popular characters Little Major Tom, Stella and Plutichen

Space School

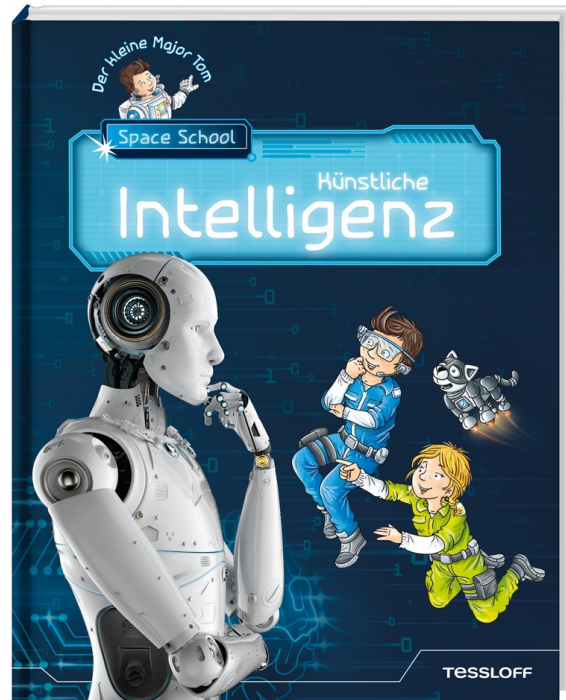

Little Major Tom. Space School, Vol. 1:
Adventure Space Travel

Content *Adventure Space Travel*:

Why is a spaceship actually called spaceship? What is a recoil drive? And what does a normal day in the life of an astronaut look like? Little Major Tom and his astronaut friend Stella learn everything that is important about space travel at Space School in Space Camp 1. Plutichen their clever robot cat helps with vivid explanations when things get too complicated.

All fans of Little Major Tom will find exciting knowledge about space travel presented with many photos, illustrations and ideas for experiments.

Little Major Tom. Space School, Vol. 2: Artificial
Intelligence

Content *Artificial Intelligence*:

What does "artificial intelligence" (AI) mean? Where is it found in our everyday life? And will humanoid robots ever be able to completely replace humans? After a look back into the past, when people dreamed of independent machines, the book presents the possibilities of Artificial Intelligence in Smart Technologies or Medical Sciences. The book also offers a look at the future of AI and reflects upon the dangers of these new technologies. Great photos, funny illustrations and exciting experiments offer additional knowledge and fun.
